Sanchez Gloria Daniela

Assignment
a.- Create 5 functional test cases and automate them
1- Create an item
2- Edit another existing item
3- Delete the item created
4- Check max long in description
5- Check if exist in the list the item with text " Creators: Matt Duffer, Ross Duffer "

Test Cases

#1: Create an item:

Preconditions: Go to http://immense-hollows-74271.herokuapp.com/

1- In the section "Item Details", click on "Choose file"
2- Select an image (max 320p 320px)
3- Fill the text area with a text (max 300 characters), e.g "New Text".
4- Select button "Create Item"

Expected Result: The item created must be visible in the "List of items" and the number of items must change.

#2: Edit another existing item
Preconditions: Go to http://immense-hollows-74271.herokuapp.com/. Must have at least one item in the list.

1- Select an item of the list
2- Click button "Edit" ---Expected Result:The Items Details must have the information of the item---
3- Click on "Choose File" and select a new image.
4- Add text in the text area.
5-Click in button Update Item

Expected Result: The item edited must have the new photo and the new text. The section "Item Details" should be clean.

#3: Delete the item created

Preconditions: Go to http://immense-hollows-74271.herokuapp.com/. Create a new Item.

1- Select the item previously created, click on "Delete". ---Expected Result: Warning Message must appear. Message: Are you sure you want to delete this item?

2- Click in "Yes, delete it!"

Expected Result: Item must have gone off the list and the number of items in the list must change.

#4 Check max long in description

Preconditions: Go to http://immense-hollows-74271.herokuapp.com/.

1- In the section "Item Details" select the text area and write a text with more than 300 characters. E.g https://www.blindtextgenerator.com/lorem-ipsum

Expected Result: The button "Create Item" must be disabled.

5#- Check if exist in the list the item with text " Creators: Matt Duffer, Ross Duffer "

Preconditions: Go to http://immense-hollows-74271.herokuapp.com/. The page must have the initial setting.

1-Check in any item if the item is present.

b.- report at least 3 bugs and write a test case for each bug report that should pass if the issue is fixed.

Bug 1:

Title: [EDITION: The item image is not updating]

Preconditions: Go to http://immense-hollows-74271.herokuapp.com/. Must have at least one item in the list.
1-Select an item and click on "Edit"
